Electric Horns

The Clear Sound of Safety

Electric Horns

ACOUSTIC TECHNOLOGY AT ITS BEST

Elgi is the pioneering manufacturer and exporter of air horns based in India. Its cutting-edge products have been making reverberations in the industry for over 25 years. The sheer mention of Elgi rings a bell with superior quality and performance. Backed by the latest technology and skilled work force, Elgi is always geared up to face the challenges of time and the changes in technology. This commitment to quality has earned Elgi a wide portfolio of clients.

Now Elgi is presenting a range of high performance electric horns made using sophisticated acoustic technology. With this new breed of highly functional electrical horns at your side, your vehicles can zip through traffic effortlessly.

SALIENT FEATURES

- Water spray proof • Wide operating voltage range (10V to 14.5V for 12V horns, 22V to 26V for 24V horns)
- Designed as per IS standards.
- High quality diaphragm • Corrosion resistant • Stylish design • Suitable for 2/3/4 wheelers, LCVs, HCVs.
- Tested for high performance and functionality.

PRODUCT RANGE

megablast

Diameter	: 160 MM
Voltage	: 12 V, 24 V
Current Consumption	: 4A, 3A
Frequency	: High Tone 400 $\pm$ 10 Hz Low Tone 325 $\pm$ 10 Hz
Sound Level	: 120 $\pm$ 10 dB
Weight	: 1280 gms
Application	: CAR / JEEP / LCVs / BUS

windtone

Voltage	: 12 V
Current Consumption	: 4A
Frequency	: High Tone 505 $\pm$ 15 Hz Low Tone 430 $\pm$ 15 Hz
Sound Level	: 110 $\pm$ 5 dB
Weight	: 270 gms
Application	: BIKE / CAR / JEEP / AUTO

vibro ultra

Diameter	: 125 MM
Voltage	: 12 V, 24 V
Current Consumption	: 3.5A, 2 A
Frequency	: High Tone 400 $\pm$ 10 Hz Low Tone 325 $\pm$ 10 Hz
Sound Level	: 120 $\pm$ 10 dB
Weight	: 960 gms
Application	: CAR / JEEP / LCVs / BUS / HCVs / TRACTOR

Tractor Horn Classic

Diameter	: 90 MM
Voltage	: 12 V
Current Consumption	: 2.5 A
Frequency	: 450 $\pm$ 15 Hz
Sound Level	: 105 $\pm$ 5 dB
Weight	: 300 gms
Application	: TRACTOR / TWO WHEELER

VIBRO SLEEK

Diameter	: 90 MM
Voltage	: 12 V
Current Consumption	: 2.5 A
Frequency	: High Tone 395 $\pm$ 15Hz Low Tone 350 $\pm$ 15Hz
Sound Level	: 110 $\pm$ 5 dB
Weight	: 340 gms
Application	: BIKE / CAR / JEEP / AUTO
