China.

Attention Miss Judy. Fax Number 0086 536 3520979.

Dear Miss Judy,

We are interested in caliper disc brakes and your listing indicates that the manufacture these items. We are looking for brakes that are spring applied and hydraulically released. The unit should be suitable for a disc of at least 300mm in diameter. We would like to know what you manufacture and the force that can be applied. Could you send us full specifications and drawings, together with prices which include the cost shipping and air freight to South Africa.

Regards,

N.K.Lakey.

Directors. C.K.Fisher; N.K.Lakey (British)
