

Sir,

We need Aluminium Multi Port Extruded tubes for research activities and would like to know the smallest channel size you can produce. The specifications we require are given below, and would like to know whether this can be supplied to us.

Aluminium Micro MultiPort Extruded Profile Tube

| Mark | Dimension range (mm) |
|------|----------------------|
| A | 10 |
| B | 200 |
| C | 4 |
| D | 1 |

*The length of the mini channel must be 350mm
