

Purchase of Spare Parts for SCANIA engines of Pilot Launches

ITEM 1: Starter Motor for Scania DI 16 Marine Engines

SPECIFICATIONS:

Specifications for the Starter Motor is as follows,

Make	-	Bosch
Part Number	-	1 358 639
Operating Voltage	-	24V, Negative separate (Not grounded)
Rotation	-	Clockwise
No of Teeth in the Pinion	-	11
Quantity Required	-	01

Above mentioned electrical item should be certified to install in Scania DI 16 43 M01P Marine Diesel engines having following serial numbers 1045741, 1045742, 1045744 and 1045745.

ITEM 2: Solenoid Switches for Starter Motors of Scania DI 16 Engines

SPECIFICATIONS:

Specifications for the Solenoid Switches is as follows,

Make	-	Bosch
Part Number	-	1 405 978
Operating Voltage	-	24V, Negative separate (Not grounded)
Quantity Required	-	05 Nos

Above mentioned electrical item should be certified to install in Starter Motors having following details,

Make	-	Bosch
Part Number	-	1 358 639
	-	24V, Negative separate (Not grounded)
Rotation	-	Clockwise

ITEM 3: Stop Solenoid for SCANIA DI 1474 Marine Engines

SPECIFICATIONS:

Specifications for the Stop Solenoid is as follows,

Stop Solenoid

Make	-	SCANIA
Part Number	-	1 318 042
Operating Voltage	-	24 V, Negative separate (Not grounded)
Quantity Required	-	03

Above mentioned electrical items should be certified to install in Scania DSI 1474 Marine Diesel engines having following serial numbers 5567662, 5567659, 5567663 and 5567664.

Information to be furnished with the quotations

Manufacture's leaflet/catalogues with clearly highlighted the offered item.
